$\frac{\textbf{LAMORAK INSURANCE COMPANY'S OBJECTIONS TO OLIN'S PROPOSED}}{\textbf{TRIAL EXHIBITS}}$

Defendant Lamorak Insurance Company ("Lamorak") submits the following objections to Olin Corporation's ("Olin") proposed trial exhibits pursuant to Fed. R. Civ. P. 26(a)(3)(B) and Rule 4 of this Court's Individual Rules of Practice.

By way of preliminary explanation of the specific objections that follow, Lamorak objects to the introduction of all exhibits that were produced by Olin after the deadline established by the

Court for the production of documents that were the subject of Lamorak's document requests.¹ For the same reasons, Lamorak also objects to the introduction of all exhibits that were not produced by Olin in the present phase of this litigation or any other prior proceedings related to this litigation, but instead were produced for the first time during the parties' exchange of trial exhibits, as well as all exhibits identified by Olin after the Court's August 6, 2018 pretrial disclosure deadline.

Lamorak also objects under Federal Rule of Evidence 901 to all exhibits that contain handwritten notes and other notations not part of the original document. Lamorak also objects under Federal Rules of Evidence 403 and 901 to all exhibits that are identified as a so-called "Group Exhibit." Lamorak further objects under Federal Rules of Evidence 401, 402 and 403 to all exhibits that relate to matters irrelevant to the remaining trial issues, for the reasons set forth Lamorak's pending motions *in limine* and oppositions to Olin's motions *in limine* (by way of example only, documents relating to notice of claims, claims handling and reinsurance).

Lamorak waives no such objections merely because it may have identified such exhibits on its own trial exhibit list; Lamorak has done so to preserve the right to introduce such exhibits at trial in the event of rulings by the Court that render such matters and exhibits admissible.

Lamorak's particular objections to the exhibits identified by Olin are set forth on the list that follows.²

¹ By Order communicated during a telephonic Court conference, the Court ordered Olin to produce relevant documents to Lamorak by no later than December 1, 2017 (later extended to December 4, 2017), or face the imposition of sanctions.

² Lamorak has not included hereunder the exhibits identified for the first time on August 21, 2018; Lamorak preserves all of its objections (as set forth above) to those proposed exhibits.
